ticket scalping is as much an american staple as apple pie beginning as early as the mid 1800s scalpers known as sidewalk men were charging all the traffic would bear for event tickets although these speculators were generally viewed as pariahs and public opinion was against the practice legal attempts to limit their activities were far from successful boston enacted laws as early as 1873 while pennsylvania followed suit in 1884 still such measures did little good since some laws were declared unconstitutional and for the ones that were upheld the fines were negligible with jail time rarely served over the years as moral objections to scalping dimmed the public became more tolerant as the practice became increasingly prevalent by the 1990s the capitalist mantras of free market and economic principles of supply and demand were even being used to justify the practice this volume details the ways in which scalping has changed over the years from a one man business to an agency controlled enterprise from performances by jenny lind to billy joel the book examines the general situation public opinion and legal perception of scalping for four distinct periods 1850 1899 1900 1917 1918 1949 and 1950 2005 emphasis is placed on the ways in which public and legal perception of the practice has evolved over this period scalping slowly gaining a more positive status has become more accepted as part of the economic practice of free markets

derived from the renowned multi volume international encyclopaedia of laws this practical analysis of sports law in ireland deals with the regulation of sports activity by both public authorities and private sports organizations the growing internationalization of sports inevitably increases the weight of global regulation yet each country maintains its own distinct regime of sports law and its own national and local sports organizations sports law at a national or organizational level thus gains a growing relevance in comparative law the book describes and discusses both state created rules and autonomous self regulation regarding the variety of economic social commercial cultural and political aspects of sports activities self regulation manifests itself in the form of by laws and encompasses organizational provisions disciplinary rules and rules of play however the trend towards more professionalism in sports and the growing economic social and cultural relevance of sports have prompted an increasing reliance on legal rules

adopted by public authorities this form of regulation appears in a variety of legal areas including criminal law labour law commercial law tax law competition law and tort law and may vary following a particular type or sector of sport it is in this dual and overlapping context that such much publicized aspects as doping sponsoring and media and responsibility for injuries are legally measured this monograph fills a gap in the legal literature by giving academics practitioners sports organizations and policymakers access to sports law at this specific level lawyers representing parties with interests in ireland will welcome this very useful guide and academics and researchers will appreciate its value in the study of comparative sports law
